

Four-metric comparison: Vicsek, Pull, and Anisotropic Vicsek vs. field data (Weinburd et al. 2024)

Field (Weinburd 2024)
 Pull $\eta = 0.2$ rad
 Vicsek $\eta = 1.3$ rad
 Anisotropic Vicsek $\eta_{\text{base}} = 1.1, \lambda = 0.8, \alpha = 0.6$
